Bring your school INSET day out of the classroom!

Why not get out of the classroom and bring your staff team to Grafham Water Centre. We can provide creative, out of the classroom learning for you to use back at school and give you the opportunity to experience the type of activities children would undertake on a residential stay at the Centre. We can focus on areas like teamwork, leadership, communications or problem solving - providing all the necessary skills and activities to help you achieve the outcomes that are important to you.
